To,
Hiring Manager

Subject: Application for opening in your organisation

Dear Hiring Manager,

I am writing to express my interest in the **Web Design Internship** position at your organization. As a **B.Tech student in Computer Science & IT at Dronacharya Group of Institutions (Batch 2022–2026)**, I have gained hands-on experience in **front-end development, responsive design, and user interface creation** through academic projects and internships.

Some highlights of my skills and projects include:

- **Portfolio Website** – A creative representation of my skills in **HTML, CSS, and JavaScript** with a focus on design aesthetics.

- **Intern Portal** – Developed a role-based system with secure logins and dashboards, showcasing my ability to design functional and user-friendly web applications.

- **Full Stack E-commerce Website** – Designed a complete shopping platform with intuitive navigation and real-time product management.

My proficiency in **HTML, CSS, JavaScript, React, and Tailwind CSS**, along with design tools such as **Figma and Canva**, enables me to build visually appealing and user-centric websites. Additionally, my internship as a **Web Developer at Vault of Codes** helped me strengthen my practical skills in real-world projects.

I am eager to contribute my creativity, technical knowledge, and problem-solving abilities to your team while gaining valuable industry experience. I am confident that this internship will help me refine my skills further while making a meaningful contribution to your projects.

Thank you for considering my application. I would be delighted to discuss how my skills align with your requirements. I look forward to the opportunity to contribute to your team.

Sincerely,
Suryanshu Kushwaha
